

Community of Koudougou

Koudougou is a town situated at about a hundred kilometers from Ouagadougou, the capital of Burkina Faso and our community is in the Koudougou diocese, diocese bearing the same noun as the town. The town contains many parishes, we belong to St Joseph Mukassa parish.

The community numbers six sisters: the vice-provincial, the vice-provincial bursar, a teacher and three young sisters pursuing their studies. We strive to bear witness to fraternal life amidst the population of our area and throughout our different ministries.

Our apostolic activities focus on the following:

- 1- Administration of the vice-province
- 2- Pastoral work: catechesis for the children of the parish and the prisoners inside the prison.
- 3- Education: one of us teaches in a diocesan primary school.
- 4- Accompaniment of aspirants who wish to enter our congregation and also of young people who belong to the Catholic Youth Movement.
